Seaside, Fla. (Jun. 14, 2018) — In January of 2013, a small group of Seaside Homeowners envisioned what they believed was a better way to handle the vacation rentals in the iconic town. As a result, they formed The Homeowner's Collection, a new vacation rental agency with a portfolio of 30 upscale beach homes, cottages and townhomes. Each owner whose home is in the program is also a Shareholder in the company. The company is governed by a Board of Directors elected on an annual basis from the current shareholders.

According to Seaside homeowner Max Watson, who founded the program, the innovative, collaborative management effort of these owners is "the only initiative of its kind in the Northwest Florida region, if not the country." Thus, the concept was originally met with skepticism from some local operators accustomed to the traditional vacation rental model. Five years later, The Homeowner's Collection manages 75 rental cottages, they are the exclusive management company related to wedding activity for the Chapel at Seaside, Ruskin Park, and Dibici Park. They are also authorized providers for the Lyceum Lawn, Seaside Beach, and the Seaside Pavilion. They are the only rental company licensed by the Seaside Community Development Corporation to use the Seaside mark in two capacities within the operation. They are one of two on site rental providers and the only rental provider who remains and will always be exclusive to the Seaside community.

Founded in 1981, by Robert and Daryl Davis, Seaside is the much-heralded birthplace of The New Urbanism movement, which is based on rediscovered traditional town planning principles. The idyllic Gulf front beach town is well known for its stunning array of cotton candy-colored homes has become a family vacation tradition for generations of beach lovers throughout the Southeast and beyond.

Rental guests of The Homeowner's Collection directly benefit from the vested personal interest of these particular Seaside homeowners who are committed to the long-term vision and success of this endeavor. "By forming a company exclusively owned by Seaside cottage owners, the owners have more direct control over the balance of cost and quality and are better able to ensure that renters have that wonderful Seaside experience that creates a high level of repeat business," Max Watson said. The program is expected to continue to expand with strong momentum moving into 2018 adding 17 cottages this year alone.

Though no two white picket fences are alike on any Seaside street, every beach home here has a name if not "personality" all its own. Some of the enviable offerings in The Homeowner's Collection include charming, upscale beach homes such as "Villa Whimsey," "Southern Comfort" and "Play Therapy," which are beautifully furnished and range in size from quaint one-bedroom cottages to spacious six-bedrooms beach homes accommodating up to 14 guests.

The Homeowner's Collection is dedicated to setting the gold standard for hospitality services in the market. Guests of The Homeowner's Collection will enjoy personalized service provided by dedicated Cottage Hosts who greet their guests, provide an orientation to their accommodations and the town of Seaside, and remain on call during their stay.

The day-to-day operation of The Homeowner's Collection is managed by a team of seasoned professionals lead by hospitality industry veteran Amy Wise-Coble. "It's has been an honor to work with such a dynamic group of owners to help them bring this vision to reality. Their commitment to fostering the culture that Seaside was founded on, complimented by first class service has elevated the Seaside rental experience" she said. Amy credits the very dedicated team of professionals she works with for their ability to deliver a first class traditional Seaside guest experience. It certainly helps that the entire team understands the expectation with over 100 years of combined experience in Seaside.

Guests may reserve the cottage of their choosing (based on availability). Cottages are available by the daily (minimum requirement of a two-night stay may apply), weekly and for month-long extended stays. For reservations call (855) 411-1557.
