

ORTHOPEDIC MANAGEMENT PROGRAM

For patients diagnosed with an acute or chronic orthopedic condition, our team provides a variety of therapy and nursing interventions. Services include nursing management, physical therapy and occupational therapy.

Our clinicians will help you and your caregiver with your orthopedic diagnosis and promote optimal outcomes. Let us help you or your loved one live the best quality of life possible by talking to your doctor today about scheduling an evaluation with Peoples Home Health.

Your licensed clinician will:

- Assess medications and their effect on your diagnosis
- Perform a comprehensive pain evaluation
- Evaluate how your diagnosis effects daily activities
- Create an individualized plan of care based on your treatment goals
- Assess needs and facilitate adaptive equipment orders
- Train patient and caregiver on safe ambulation techniques
- Create a customized home exercise program
- Provide fall prevention education
- Collaborate care with your physician

Conditions We Can Help With

- Hip or Knee Replacement
- Chronic Pain
- General Orthopedic Surgery
- Osteoarthritis
- Limited Weight Bearing Status
